L1: Switch-out Live Wire 1

L2: Switch-out Live Wire 2

L3: Switch-out Live Wire 3

L: Switch-in Live Wire

N: Switch-in Neutral Wire

NOTE:

- Nature Switch L installation involves strong current operation, please contact electrician to operate.
- The effective ports of output connector vary according to different models, please refer to the actual product.
  1 way switch does not support L2, L3.
  2 way switch does not support L3.
- Must use 24-12 AWG (2.5mm^2) wire, stripping length 9-10mm, ensure that no conductive parts of the wires are exposed from connectors.
- When working with other smart control accessories, please refer the wiring instructions on the accessory.

INSTALLATION

① Cut off the electrical power supply and make sure the wiring is not charged.

② Take out the smart control accessory and install it according to the wiring instruction, make sure all the wires are placed firmly.

③ Place the wires in the cassette orderly, and fix the smart control accessory to the cassette with fixing screws.

④ Take out the switch panel and fix it to smart control accessory, make sure that the upper and lower two buckles are in place, otherwise it may not be able to be used normally due to poor contact.

⑤ Restore the power supply, the device will turns on automatically.

⑥ After configuration of the Smart Station, choose “Add Device” in LifeSmart App, select “**Nature Switch L**” or “**Nature Switch Scene Panel L**” to enter pairing process. Follow the instruction on the app to finish pairing.

WARRANTY DESCRIPTION

Thank you for purchasing this LifeSmart product. In order to protect your rights, please read the following content carefully: The warranty period of our company's products is one year from the date of purchase or longer if local laws impose a longer minimum term, in which case the minimum term is the warranty period. During the warranty period, any faults caused by the product itself or for quality problems that arise under normal usage, LifeSmart will provide a free replacement.
